i.Beat road

Compact MP3 player with 2 GB integrated storage capacity, speakers and LED flashlight

Whether riding a bike, jogging or at home: With the i.Beat road you can play your favourite music, cable-free and any time.

The i.Beat road as an MP3 player
With the bike-fastener included in delivery, you can attach the i.Beat road to your bike handlebars in a matter of moments. Same goes for the fastening bands. With the help of these elasticized bands, you can fasten i.Beat road on your arm, meaning you always have your favourite music within easy reach when walking or jogging. The earplugs can also be attached to the i.Beat road according to preference.

The i.Beat road as pocket lamp
Three different settings are available when using the i.Beat road as a pocket lamp: Normal lighting, dimmed light and blink. Switching between the individual functions is as easy as pie.
